

MKSSS's Cummins College of Engineering for Women, Pune Entrepreneur Activities in AY 2019-20

Name of the Activity: NEN WORKSHOP organized by Wadhvani Foundation

Date of the Activity Conduction: 20th DECEMBER, 2019

Total No. of Students & Faculty Members Participated in the Activity: 31

Short Report of the Activity: Ecell members from various colleges all over Pune were gathered at our college for this workshop organized by the Wadhvani Foundations. This workshop focused on empowering students with knowledge and skills through Courses and Startup Labs to create high-potential startups. We had our guest Mr. Ankit Machhar who enlightened all the students regarding entrepreneurship and its basics.

Entrepreneur Activities in AY 2019-20

Name of the Activity: BUSINESS IDEA COMPETITION

Department of Information Technology
MKSSS's Cummins College of Engineering
For Women, Pune

Business Idea Competition

Organized by
Startup and Innovation Cell

Date : 14th Feb 2020
Time : 2.00 PM (IST)
Venue: Mechanical Conference Room

Date of the Activity Conduction: 14th FEBRUARY, 2020

Total No. of Students & Faculty Members Participated in the Activity: 27

Short Report of the Activity: The theme for the Competition:

1. Product/services to make Pune smart City
2. Agriculture technology
3. Cleantech

Publicity: Through posters, emails, introduction in respective class and through Whatsapp groups

"Innovative Business Idea Competition" was held by Startup and Innovation Cell in MKSSS'S Cummins College of Engineering, Pune to promote startup and entrepreneurship culture among students. The competition was open for all Cummins students to present their innovative business ideas. The final round of the shortlisted 10 ideas was held on 17th September 2019. Mr. Raghvendra

MKSSS's Cummins College of Engineering for Women, Pune Entrepreneur Activities in AY 2019-20

Ponkshe (Managing partner Bhate and Ponkshe IPR firm), Mr. Shrirang Karandikar (Founder AlgoAsylum) and Mr. Gajanan Khot (Director-Aqua Chill) were the invited judges for the final round. Cash prizes worth Rs. 10000 total was given to the winners.

1. Winners

1) **Idea: "Your Own Kitchen"** (First Year students)

Meghana Mohanty meghana.mohanty@cumminscollege.in, 8177900277

Saloni Garg saloni.garg@cumminscollege.in 9405910726

Nowadays students and bachelor professionals are becoming more health-conscious and prefer healthy home-cooked food according to their taste profile. But many do not possess the space or the means like cookware and gas connection to do so, Even if some do, cutting vegetables or the idea of having to wash all utensils after cooking discourages most people.

Innovative Idea/ Solution

For these people, the first-of-its-kind idea of rentable kitchen space for an allotted time along with ingredients they specify is the best solution. Choose your ingredients, arrive, cook and ta da! Your meal is ready! No worries about cutting vegetables or washing utensils after you cook!

The unique key points are

1. Easy to setup-can be set up in a flat
2. Low Investment- only cookware and an attendant along with the development of an app to interact with customers.
3. People can get their own ingredients or can be arranged by us
4. We can provide a cook/attendant too for inexperienced people
5. When space is not being used it can be rented out to conduct cooking classes.

2) **Idea: "Shred-it"** (Third-year students)

Esha Chiplunkar esha.chiplunkar@cumminscollege.in 7263955950

Aishwarya Tonpe aishwarya.tonpe@cumminscollege.in 9403024826

Mrunal Tambe mrunal.tambe@cumminscollege.in 8411814635

There is a lot of biodegradable waste generated in the city. In some housing societies, kitchen waste is not picked up by the PMC. Clean disposal of such a large volume of waste is an overgrowing problem. Apart from domestic waste, eateries and hotels generate a large volume of waste. It is not easy to deal with this large volume which is on the continuous increase with the growing population.

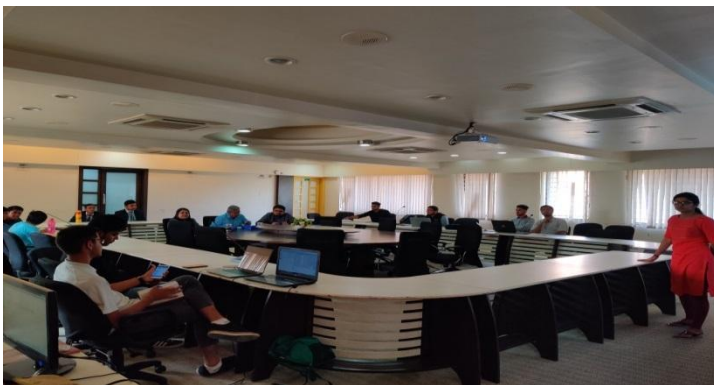

We propose a solution as a shredder that can reduce the volume of waste and convert it into manure which can be reused.

Innovative Idea/ Solution

MKSSS's Cummins College of Engineering for Women, Pune Entrepreneur Activities in AY 2019-20

Devices that reduce the volume of waste are used in many companies. These devices are huge in size and hence not available at the local level. We propose a portable shredder that shreds waste products ranging from big coconut leaves to daily kitchen waste and paper. It will have appropriate infrastructure to suitably convert the waste into manure or fertilizer. We intend to rent the device to housing societies, road cleaners, public places like colleges, corporate offices, etc. The user will book the slot on an online application. The device will be transported to the address specified. The charges will be based on proximity of the location, duration of use and type of waste. The user has the option as to whether he wants the manure or not. This would not be chargeable for the user.

MKSSS's Cummins College of Engineering for Women, Pune Entrepreneur Activities in AY 2019-20

Name of the Activity: D.S.I. CHAPTER 1

D.S.I.
Dream.Stimulate.Inspire
Organized by E-Cell YUKTA

MISSION- OUR BASIC AIM IS TO PROVIDE KNOWLEDGE ABOUT STARTUPS, ENTREPRENEURSHIP, AND WHAT CAN WE AS WOMEN ENGINEERS DO AFTER THE 4 YEARS, IF WE ARE INTERESTED INTO ENTREPRENEURSHIP.

OUTCOME- OUR SESSION'S ONE OF THE MAJOR OUTCOMES IS TO MOTIVATE AND INSPIRE YOUNG ENTREPRENEURS & YOUNG MINDS

ABOUT THE SPEAKER -
IT IS A JOB PROFILE THAT ANY Ivy LEAGUE PROFESSIONAL WOULD GIVE A TOOTH AND NAIL FOR BUT FOR 27-YEAR-OLD SHANTANU NAIDU BAGGING AN ENVIABLE EXECUTIVE POSITION IN RATAN TATA'S OFFICE WAS THE UNPLANNED RESULT OF 'GIVING' OF ANOTHER KIND.
SHANTANU HAS BEEN WORKING WITH THE LEGENDARY BUSINESS LEADER, INVESTOR, PHILANTHROPIST, AND CHAIRMAN EMERITUS OF TATA GROUP RATAN TATA FOR THE PAST YEAR-AND-A-HALF. HIS JOB INCLUDES ASSISTING RATAN TATA IN HIS STARTUP INVESTMENTS AND PROVIDING EXECUTIVE ASSISTANCE.

DATE- 2nd MARCH
TIME- 3.30 - 5.00pm
VENUE- Instrumentation Auditorium,
Cummins college

Date of the Activity Conduction: 2ND MARCH , 2020

Total No. of Students & Faculty Members Participated in the Activity: 168

Short Report of the Activity:

On this day, we had invited Mr. Shantanu Naidu, to address young entrepreneurial minds in the college. The session started by him giving his introduction and continued by telling his own story. He believed that every person has their own story to tell. He taught 6 lessons, written by himself in his presentation. They included,

1. ALWAYS LISTEN TO THE TINGLES
2. GO OFFROAD, BUT FIRST, RESEARCH
3. BLOSSOM WHERE YOU ARE PLANTED
4. KEEP THE CIRCLE SMALL, BUT LOVE ENORMOUS
5. THE ONLY STORY THAT MATTERS, IS YOU
6. IF YOU CAN BE ANYTHING, BE KIND

All these lessons were later explained in entrepreneurial terms.

MKSSS's Cummins College of Engineering for Women, Pune Entrepreneur Activities in AY 2019-20

He concluded by his last lesson about kindness. He indeed is a very humble man, and we thank him for this amazing, and knowledgeable talk.

News Write-up for the IPR Workshop held at

Cummins College of Engineering for Women, Pune

MKSSSS'S Cummins College Of Engineering for Women in association with ASSOCHAM (Association of Chambers of Commerce) and Indian Patent Office, New Delhi organized a one-day Intellectual Property Rights (IPR) awareness programme in the campus on 1st October 2019. Ms. Anushri Kamble, Asst. Controller, IP Office, Govt of India; Mr. Mohammad Nahid Alam, Deputy Director, ASSOCHAM; Mr. Vijaykumar Shivpuje, Director, Paltex Business Solutions and Mr. Alok Das, Head CXO, Revolta Motors Pvt. Ltd. were the distinguished speakers of the day.

A MoU was signed between Cummins College and ASSOCHAM regarding the IPTSE exam being conducted by ASSOCHAM at national level. Dr. Madhuri Khambete, Director, Cummins College Of Engineering for Women Pune, extended a warm welcome to all the guests and talked about the importance of creating awareness about IPR. She also highlighted the importance of originality in scientific research work.

In the first session, Mr. Vijaykumar Shivpuje talked about the basic concepts related to Intellectual Property (IP). "Anything under the sun made by the hands of man is patentable", he said. Further he talked about the necessary conditions for patenting and the types of IP ie. trademarks, trade secrets, geographical indications and copyright.

In the second session, Ms. Anushri Kamble describe the process of patent filing in detail, along with the types of patent applications and the mandatory documents required for it.

Mr. Alok Das started the third session by discussing about the difference in invention and innovation. He then explained about commercialisation of IPR through various examples. He also talked about Business Innovation Model and the role of IP in Make in India.

In the fourth session Dr. Sunita Jahirabadkar, Dean R&D, Cummins College addressed the students regarding what is not patentable in India and so what precautions need to be taken while filing for patent application for your invention.

The last session was Panel Discussion with all the honorable speakers, who answered the questions raised by the students. The career opportunities in IP, IP infringement, negative rights, startups and incubation etc was discussed during this panel discussion. The workshop ended successfully with a valedictory session.

This workshop was organized by Dr. Sunita Jahirabadkar who is Dean (R & D) and IP Cell Head of Cummins College of Engineering.
